1. Purpose, Scope and Definitions

Pixel Palace is a gaming zone in Karachi. These SOPs set out how our team works every day so that customers get a consistent, safe and friendly experience, and so that every team member knows what is expected of them and what they can expect from the company.

1.1 Scope

These procedures apply to everyone who works for Pixel Palace, at the gaming zone and in the back office, during working hours, on company premises and when representing the company online or at external events.

1.2 Definitions

Term	Meaning
The Company	Pixel Palace
Line manager	The person an employee reports to under the reporting lines in Section 10
Floor	The customer-facing gaming areas: PC arena, console lounge, VR zone, lounge and snack bar
Back office	Administrative work areas, the IT/server room and storage
Shift	A scheduled working period with a defined start, end and handover
Gross misconduct	Serious breaches that may justify suspension or termination (see Section 11)

Legal note. Leave entitlements, working hours and disciplinary timelines in this document are proposed company policy. Where Pakistani federal or Sindh labour law gives employees a greater entitlement, the law prevails. The Documentation & Compliance Coordinator should confirm the figures with a legal advisor before final adoption.

2. Office Timings, Attendance and Punctuality

2.1 Working hours

Team	Working hours	Days	Notes
Management and administration: Owner, CEO, HR / Sales / Marketing Manager, Finance Director, IT Manager, Documentation & Compliance Coordinator	10:00 to 18:00	Monday to Saturday	1-hour meal and prayer break. Net 7 hours per day.
Sales Executive, Marketing Executive	11:00 to 19:00	Monday to Saturday	Later start to cover afternoon enquiries and events.
Floor operations: Operations Officer, Supervisor, Security Manager	Shift A: 11:00 to 19:00 Shift B: 18:00 to 02:00	Rotating roster, 6 days per week	One-hour overlap (18:00 to 19:00) for handover. Weekly rest day set by the roster.
Customer opening hours	12:00 to 02:00	Every day	Staff must be on the floor at least 30 minutes before opening.

- Friday: a break of up to 90 minutes is allowed for Jumu'ah prayers. Floor teams take it in turns so the zone is never unattended.
- Daily prayer breaks of about 15 minutes are allowed on every shift, staggered by the Supervisor.
- Overtime must be approved in advance by the line manager and is compensated as time off in lieu or overtime pay, in line with applicable law.

- The Operations Officer publishes the shift roster by the 25th of each month for the following month. Changes need the Operations Officer's approval at least 24 hours ahead.

2.2 Attendance

- Everyone records attendance at the start and end of each shift using the biometric device or digital attendance register. Recording attendance for someone else, or altering records, is gross misconduct.
- **Grace period:** 10 minutes. Arriving later than that counts as late.
- **Late arrivals:** 3 in a calendar month earns a verbal reminder from the line manager. 5 in a month earns a written warning. Arriving more than 60 minutes late without approval is recorded as a half-day absence.
- **Reporting absence:** call the line manager at least 2 hours before the shift starts, or as soon as possible in an emergency. A message in a group chat is not enough.
- Absence for 3 consecutive working days without any notice is treated as unauthorised absence and handled under Section 11.
- Leaving early needs the line manager's approval, and the Supervisor must confirm floor cover first.
- The HR / Sales / Marketing Manager compiles the monthly attendance report and sends it to the Finance Director for payroll by the 25th.

2.3 Punctuality and shift handover

1. The outgoing Supervisor completes the handover log in the last 15 minutes of the shift: station status, faults, cash status, bookings for the next shift and any incidents.
2. The incoming Supervisor reads the log, checks the floor and signs it.
3. The outgoing team does not leave until the handover is signed. If the incoming team is late, the outgoing Supervisor informs the Operations Officer immediately.

3. Leave Procedures

Leave type	Entitlement per year	Notice	Approval	Evidence
Annual leave	14 working days (after 12 months of service; pro-rata before that)	7 days	Line manager, confirmed by HR	Leave request form
Casual leave	10 days (no more than 3 days in a row)	1 day, or a call on the day for emergencies	Line manager	Leave request form
Sick leave	8 days	Call before the shift starts	Line manager	Medical certificate if absent for more than 2 consecutive days
Compassionate leave	3 days on the death of an immediate family member	As soon as possible	Line manager	None required
Maternity / paternity leave	As required by applicable law	30 days where possible	HR / Sales / Marketing Manager and CEO	Supporting medical document
Unpaid leave	Up to 30 days, case by case	14 days	CEO	Written request

3.1 How to apply

1. Complete the Leave Request Form (Appendix B) and give it to your line manager.
2. The line manager checks cover and replies within 2 working days, giving a reason if the request is declined.
3. HR records approved leave and updates the roster and the leave balance.

4. HR informs the Finance Director so payroll is correct.
5. Before leaving, the employee hands over open tasks to the named cover.

3.2 Rules

- No more than 2 members of the same shift team may be on leave at the same time.
- The Operations Officer publishes blackout dates for peak periods such as Eid weeks and major tournament weekends. Annual leave is not normally approved in those periods.
- Up to 5 unused annual leave days may be carried forward into the next year. Anything beyond that lapses unless the law requires otherwise.
- Public holidays follow the official calendar. If the zone opens, staff who work receive a day off in lieu or additional pay.
- Taking leave without approval is treated as unauthorised absence.

4. Dress Code

Area	Standard
Management and back office	Smart casual or formal. Shalwar kameez, shirt and trousers, or similar. Neat footwear.
Floor staff (Operations Officer, Supervisor, Security Manager and anyone on the floor)	Pixel Palace branded polo or T-shirt, dark trousers or jeans without tears, closed shoes. ID badge visible at all times. Security wears the uniform set by the Security Manager.
Tournament and event days	Branded event T-shirt provided by the company. Themed costumes only with the Supervisor's prior approval.
Not allowed anywhere	Offensive slogans or images, torn or dirty clothing, gym wear, beachwear and flip-flops on the floor.

Everyone is expected to be clean and well groomed, and to dress modestly and respectfully for a workplace that welcomes customers of all ages. On Fridays, traditional dress is welcome throughout the company.

5. Workplace Behaviour

5.1 What we expect

- Treat customers and colleagues politely and fairly, whatever their age, gender, background or skill level.
- Communicate clearly and respectfully, in person and in company chat groups.
- Keep customer information, financial figures and internal plans confidential, during and after employment.
- Stay off personal gaming and social media while on duty, except for approved company content.
- Enforce fair play: report cheating, hacking tools, abusive behaviour or account sharing in the zone to the Supervisor.
- Be alert to the safety of younger customers and follow the zone's age-appropriate game rules.
- Declare any conflict of interest, such as a family member bidding to supply the company, to your line manager.
- Say no to gifts or favours from suppliers or customers beyond small courtesies. Report anything larger to the CEO.

5.2 What we do not tolerate

- Harassment, bullying, discrimination or intimidation of any kind. Complaints are handled under Section 11.2.
- Smoking or vaping inside the premises, and alcohol, drugs or intoxicated work.
- Gambling, betting or paid game-boosting on company premises or equipment.

- Weapons, threats or violence.
- Posting customer photos or internal information online without approval from the Marketing Executive and HR / Sales / Marketing Manager.

6. Cleanliness and Housekeeping

Area	Task	Frequency	Responsible
Gaming stations (desk, keyboard, mouse, headset)	Wipe with approved sanitiser	At every customer changeover	Floor staff on shift
VR headsets and controllers	Disinfect with lens-safe wipes; replace face covers	After every session	VR attendant on shift
Chairs, consoles and lounge seating	Wipe down and straighten	Daily at closing	Supervisor
Floors, washrooms and lounge	Clean and restock	Twice daily, with an hourly check	Operations Officer arranges cleaning
Snack bar	Food hygiene checks and waste removal	Every shift	Snack bar staff
Office desks	Clear desk: papers filed, no food left out	End of every day	Each employee
PC interiors, AC filters, cabling	Dust clean and cable tidy	Monthly	IT Manager
Pest control	Professional service visit	Quarterly	Operations Officer

- Food and drinks are allowed only in the lounge and snack bar. No liquids at gaming stations.
- Spills and hazards are cleaned or cordoned off immediately and reported to the Supervisor.
- The opening and closing checklists (Appendix D) are completed and signed every day.

7. Meeting Protocols

Meeting	When	Length	Chair	Attendees	Output
Shift huddle	Start of each shift	10 min	Supervisor	Shift team	Issues and priorities for the shift
Weekly operations	Monday, 10:30	45 min	Operations Officer	Supervisor, IT Manager, Security Manager, Sales and Marketing Executives	Action list
Weekly sales and marketing	Wednesday, 11:30	30 min	HR / Sales / Marketing Manager	Sales and Marketing Executives	Pipeline and campaign updates
Monthly management review	First Monday of the month	90 min	CEO	All managers; Owner invited	KPI review and decisions
Quarterly strategy and policy review	Each quarter	2 hours	Owner	Management team	Strategic decisions and policy changes

- The chair circulates an agenda at least 24 hours before every meeting, except shift huddles.
- Meetings start and finish on time. Late arrivals do not reopen items already discussed.
- Phones are on silent and laptops are used only for meeting work.
- One person speaks at a time, and the chair keeps the discussion to the agenda.

- The Documentation & Compliance Coordinator, or a delegate, issues minutes within 24 hours listing decisions and actions with an owner and a deadline.
- Actions are tracked in the action register and reviewed at the start of the next meeting.
- Anyone who cannot attend sends an apology beforehand and reads the minutes.

8. Use of Equipment, Resources and Shared Spaces

8.1 Equipment and resources

- Company computers, phones, internet and consumables are for company business. Brief, lawful personal use is acceptable if it does not affect work or customers.
- Do not install software, connect unknown USB drives or change system settings without the IT Manager's approval.
- Never share passwords or log in as someone else. Access rules are covered in the IT Governance and Security procedures.
- Report faults to the IT Manager through the fault log during the same shift. Do not attempt repairs yourself.
- All company assets carry an asset tag and are listed in the asset register. Taking equipment off the premises needs a signed check-out form from the Operations Officer.
- Return all company property, keys, cards and uniforms on leaving the company.
- Switch off lights, AC and idle equipment when not in use. The IT Manager tests the UPS and backup power every week.
- Request consumables and supplies from the Operations Officer. Purchases go through the Finance Director.
- Damage caused by negligence is assessed fairly under the disciplinary process. Honest mistakes reported promptly are not punished.

8.2 Shared spaces

Space	Who may use it	Rules
Gaming floor	Customers and on-duty staff	Staff do not play games on duty. Stations are kept tidy, and reserved stations are marked.
Lounge and snack bar	Customers and staff on break	Food and drink only here. Tables wiped after use.
Private party rooms	Booked guests, hosted by staff	Bookings recorded by the Sales Executive. Room reset and cleaned within 30 minutes of an event ending.
Office and meeting room	Staff	Booked on the shared calendar. Left clean, with the whiteboard wiped and lights off.
IT / server room and storage	IT Manager and authorised staff only	Locked at all times. Entry recorded in the access log.
Reception and cash counter	Assigned staff only	Cash is counted by two people at close, following the Finance Director's procedure.

9. Employee Responsibilities

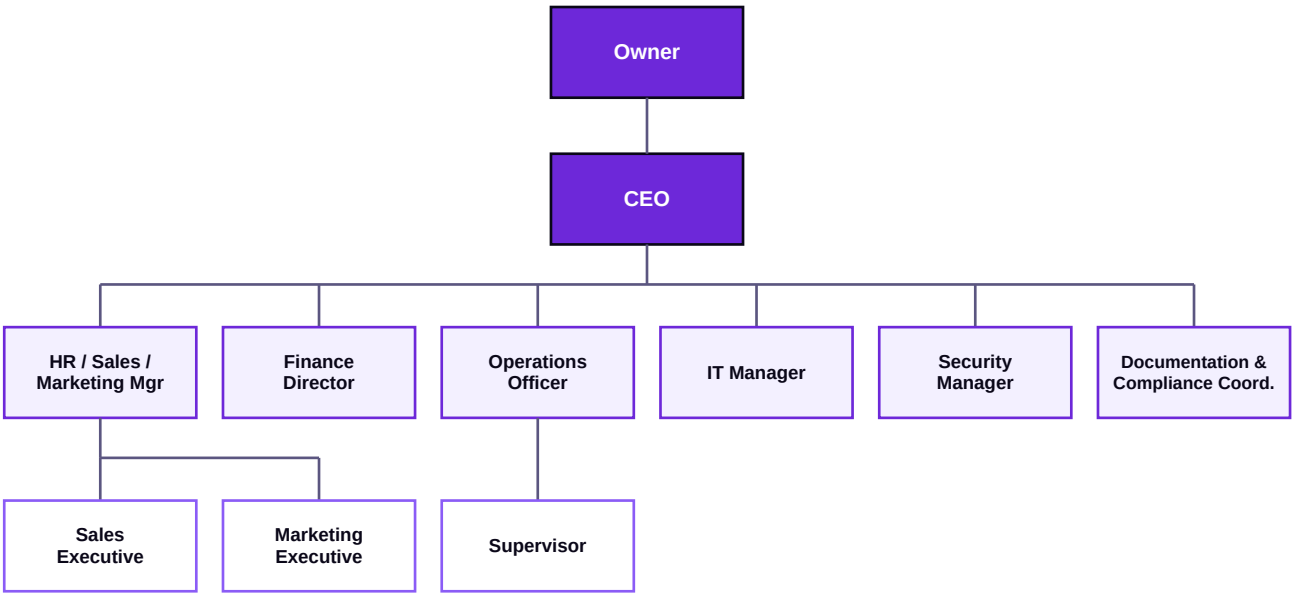
9.1 Responsibilities of every employee

- Arrive on time, follow these SOPs and carry out lawful instructions from your line manager.
- Protect company assets, customer data and the safety of everyone on the premises.
- Report incidents, hazards, faults and policy breaches immediately.
- Keep records accurate and complete: attendance, logs, bookings and cash.
- Complete assigned training, including fire safety and first aid familiarisation.
- Raise concerns early and honestly, and ask when you are unsure.

9.2 Role-specific responsibilities under these SOPs

Position	Reports to	Key responsibilities
Owner	-	Sets vision and direction, gives final approval of policies and reviews overall results.
CEO	Owner	Leads the company, approves policies and disciplinary outcomes, and acts as final escalation point for operations.
HR / Sales / Marketing Manager	CEO	Runs attendance, leave and disciplinary processes, and oversees the sales and marketing team.
Finance Director	CEO	Processes payroll from attendance and leave records, controls cash handling and budgets.
Sales Executive	HR / Sales / Marketing Manager	Records bookings and customer follow-ups, and follows client communication standards.
Marketing Executive	HR / Sales / Marketing Manager	Runs campaigns and content within the social media and brand rules.
Supervisor	Operations Officer	Leads each shift, runs huddles and handover, enforces floor rules and is the first escalation point.
Operations Officer	CEO	Publishes rosters, manages housekeeping, supplies and the asset register, and escalates operational issues.
IT Manager	CEO	Maintains systems, handles fault reports, controls access and runs backups and UPS tests.
Security Manager	CEO	Keeps people and premises safe, controls access, and leads incident response.
Documentation & Compliance Coordinator	CEO	Controls documents, takes minutes, tracks compliance and keeps disciplinary and policy records.

10. Reporting Lines



Solid lines show reporting lines. Each person reports to exactly one line manager.

Position	Reports to	Direct reports
Owner	-	CEO
CEO	Owner	HR / Sales / Marketing Manager, Finance Director, Operations Officer, IT Manager, Security Manager, Documentation & Compliance Coordinator
HR / Sales / Marketing Manager	CEO	Sales Executive, Marketing Executive
Operations Officer	CEO	Supervisor
Finance Director, IT Manager, Security Manager, Documentation & Compliance Coordinator	CEO	-
Sales Executive, Marketing Executive	HR / Sales / Marketing Manager	-
Supervisor	Operations Officer	Floor staff on shift

If a team member's line manager is absent, they report to that manager's own line manager. If the issue involves the line manager, they may go directly to the next level up.

11. Escalation and Disciplinary Procedures

11.1 Escalation procedure

Level	Who	Handles
1	Supervisor (or the line manager for back-office staff)	Everyday floor and office issues, customer complaints and minor faults
2	Operations Officer, or the relevant manager (IT Manager, Security Manager, Finance Director, HR / Sales / Marketing Manager)	Issues the Supervisor cannot resolve, repeated problems, safety and system faults
3	CEO	Serious or unresolved issues, major complaints, disciplinary decisions
4	Owner	Matters involving the CEO, legal exposure or reputational risk to the company

Severity	Examples	Report to	Response target
Critical	Injury, fire, threat or violence, theft, data breach, total system failure	Security Manager and CEO immediately; call emergency services if needed	Within 15 minutes
High	Major system outage, serious customer complaint, equipment damage	Operations Officer and the relevant manager	Within 1 hour
Medium	Repeated faults, roster conflicts, supplier problems	Line manager	Within 1 working day
Low	Suggestions, minor housekeeping issues	Supervisor	Within 3 working days

1. **Make it safe.** Protect people first, then property and data.
2. **Report.** Tell the Supervisor or line manager straight away.
3. **Log it.** Complete an Incident Report (Appendix C) before the end of the shift.
4. **Escalate.** If it is not resolved within the response target, move to the next level.
5. **Close and learn.** The Documentation & Compliance Coordinator files the report, and recurring issues are reviewed at the weekly operations meeting.

Emergency contact	Number
Police	15
Rescue (ambulance)	1122
Fire brigade	16
Security Manager (internal)	[to be filled in]
IT Manager (internal)	[to be filled in]

Confirm all emergency numbers before posting them on site.

11.2 Disciplinary process

Our disciplinary process is fair, consistent and documented. Every employee is told what they are accused of, is given a chance to respond, and may appeal. The action taken is proportionate to the seriousness of the conduct.

Category	Examples	Typical action
Minor	Repeated lateness, dress code breach, untidy station, missing handover log	Verbal warning, then written warning
Serious	Unauthorised absence, rudeness to a customer, misuse of equipment, ignoring safety rules, breach of confidentiality	Written warning, then final written warning or suspension
Gross misconduct	Theft or fraud, falsifying attendance or cash records, harassment or discrimination, violence or threats, working under the influence, gambling on premises, deliberate data breach or sabotage	Suspension on pay pending inquiry; possible termination

The typical action is a guide only. The CEO may apply a different outcome after considering the facts, the employee's record and the circumstances.

Step	What happens	Responsible	Timeline
1. Report	The incident is documented with facts, dates and witnesses.	Line manager	Within 24 hours
2. Preliminary review	Facts are gathered and the employee is spoken to informally. The matter may end here.	HR / Sales / Marketing Manager	Within 3 working days
3. Formal notice	A written notice states the allegation and asks for a written reply.	HR / Sales / Marketing Manager	Employee replies within 3 working days
4. Hearing	The employee is heard. They may bring a colleague as a supporter. A note-taker records the meeting.	HR chairs, with line manager; Documentation & Compliance Coordinator takes notes	Within 5 working days of the reply
5. Decision	A written outcome with reasons. The CEO approves any suspension or termination and informs the Owner.	CEO	Within 3 working days of the hearing
6. Appeal	A written appeal is heard by the CEO, or the Owner if the CEO was the decision-maker. The appeal decision is final.	CEO or Owner	Appeal within 5 working days; decision within 7
7. Records	Outcome filed in the personnel file. Warnings lapse after 12 months of clean conduct.	Documentation & Compliance Coordinator	Ongoing

- If the line manager or HR is directly involved, the next level up conducts that step.
- In cases of alleged gross misconduct, the CEO may suspend the employee on pay while the inquiry is carried out.
- Complaints of harassment follow a confidential inquiry by a committee of three, as required by the Protection against Harassment of Women at the Workplace Act 2010, and are not handled through the ordinary line.

12. Policy Review and Approval Process

All Pixel Palace policies and SOPs are controlled documents. This section explains how they are created, changed, approved and retired.

Step	Action	Responsible
1. Propose	Anyone can propose a new policy or a change by sending a written request to the Documentation & Compliance Coordinator.	Any employee
2. Draft	The draft is written with the department that will use it.	Documentation & Compliance Coordinator and department head
3. Review	The relevant manager checks it for accuracy and practicality. HR reviews people policies, the IT Manager reviews IT policies, and the Finance Director reviews financial policies.	Relevant manager
4. Compliance check	The draft is checked against current laws and regulations, with a legal advisor where needed.	Documentation & Compliance Coordinator
5. Approve	The CEO approves. The Owner gives final approval for new policies and major changes. Editorial corrections need CEO approval only.	CEO and Owner
6. Publish	The new version is added to the read-only policy folder, announced to all staff, and acknowledged by each employee within 7 days.	Documentation & Compliance Coordinator
7. Review cycle	Every policy is reviewed at least once every 12 months, and sooner after a serious incident, a change in law or a change in the business.	Document owner
8. Archive	Superseded versions are marked obsolete, archived and kept for 5 years.	Documentation & Compliance Coordinator

- **Version numbering:** major changes increase the first number (1.0 to 2.0), small changes increase the second (1.0 to 1.1).
- **Exceptions:** a request to depart from a policy is made in writing to the CEO, approved for a stated period only, and logged by the Documentation & Compliance Coordinator.
- **Only the current version** is valid. Printed copies are uncontrolled and must be checked against the policy folder.
