SECURITY MEASURES STANDARD OPERATING PROCEDURE (SOP)

Document No.	PP-SOP-002 *(Proposal)*	**Department**	Security & Operations
Location	Karachi, Pakistan	**Version**	1.0 *(Proposal)*
Review Cycle	Every 12 months	**Approval**	CEO, then Owner

1. Purpose

- To protect employees, customers, visitors, company assets, and confidential information while maintaining a safe gaming environment.

2. Entry, Exit & Access Control

- Record visitors' names, contact details, purpose of visit, entry/exit times, and host.
- Verify visitor identity where appropriate and issue visitor identification.
- Restrict access to staff-only areas, server rooms, cash-handling areas, and confidential records.
- Employees must not share keys, access cards, or credentials with unauthorized persons.

3. Asset & Document Protection

- Secure gaming equipment, computers, cash, keys, and company records.
- Store confidential documents in locked cabinets or access-controlled systems.
- Report missing, damaged, or stolen assets immediately.
- Handle electronic information according to PP-IT-001 (IT Rules and Regulations Policy).

4. CCTV & Monitoring

- Use CCTV in appropriate public and operational areas for security purposes, subject to applicable Pakistani laws.
- Do not install cameras in toilets, changing areas, or other private spaces.
- Restrict footage access to authorized personnel and retain it only as permitted by applicable law and company policy.
- Display appropriate CCTV notices where required.

5. Workplace Safety & Emergencies

- Keep exits, corridors, fire extinguishers, and emergency routes unobstructed.
- Report electrical hazards, damaged equipment, suspicious activity, and unsafe conditions immediately.
- In an emergency, alert the Security Manager and Operations Officer, contact relevant emergency services, and evacuate calmly using designated exits.
- Provide first aid only within the responder's training and seek professional medical assistance when necessary.
- Maintain an accessible list of verified local emergency contacts, including Rescue 1122 where available, police 15, and the nearest suitable hospital.

6. Incident Reporting & Escalation

- Report all security incidents to the Security Manager immediately and document the time, location, people involved, and actions taken.
- **Critical:** Respond within 15 minutes. **High:** within 1 hour. **Medium:** within 1 working day. **Low:** within 3 working days.
- These are response targets, not guaranteed resolution times. Escalate serious incidents to the CEO and Owner as appropriate.
- The Security Manager coordinates investigations, preserves relevant evidence, maintains confidentiality, and documents corrective actions.

7. Opening & Closing Procedures

- **Opening:** Inspect entrances, emergency exits, CCTV, alarms, equipment, and visible safety hazards before admitting customers.
- **Closing:** Secure gaming equipment, cash, documents, doors, and windows; check designated areas; activate security systems; and record any outstanding issues.
- The Supervisor coordinates floor checks with the Security Manager and Operations Officer.

8. Responsibilities & Review

- All employees must follow this SOP. The Security Manager oversees security controls, while the Operations Officer coordinates operational safety. The CEO reviews and recommends policy changes, followed by final approval from the Owner.
- This SOP must be reviewed every 12 months or sooner following a significant incident or relevant legal change.

Verification note: *PP-SOP-002 and version 1.0 are proposed identifiers. Verify emergency contact availability, applicable CCTV/privacy requirements, and site-specific evacuation arrangements before approval.*
